- 4.2 Discipline on the field was an issue due to the fact that the organizers decided that they wanted to give the kids a chance to play and be evaluated and did not want them to be suspended in a short tournament.

a) Cautionable Offenses (yellow cards)

 - 21.8 7 subs per game, unlimited at half time

- 22.0 Conclusion** - There were some very serious issues that need to be addressed:

- 22.1 Rules and Discipline – We need to determine if we want to participate in tournaments which ignores the Canada Soccer Discipline Code and where yellow cards have no meaning.
- 22.2 Covid was an issue. We ran into a situation where a player tested positive, and as a result was released to the mother, who then assumed complete responsibility of the player including her transportation home.
- 22.3 The family was informed that the player cannot have any interaction with the team. Unfortunately, the family continued to attend games from a good distance. The family then attempted to gather in a greeting area where the plyers and parents waited for the bus to collect the girls. As a result, I had to remove the players from the situation.
- 22.4 We escaped a very contentious issue. In this situation, the parent was there. The question remains what if the parents were not at this tournament?
- 22.5 We need to have a policy to address this issue.
- 22.6 Finally, it should be noted that Younes was very accommodating to our requests.
